Summer Courses (July 14 – August 29, 2020).

TAKE A SUMMER COURSE AND GET AHEAD IN YOUR DEGREE

The ELU International Summer School brings together students from several nationalities both home and abroad. The summer school not only provides an opportunity for students to learn new practical skills, it is also an opportunity for students to get ahead with their degree; students will choose from either the courses they are yet to take in coming semesters thereby shortening their number of courses which can help them graduate earlier, or they can make up for previous courses. Another opportunity the summer school gives students is its affordability, student can pay per course they take unlike the semester fees.

Registration Deadline: 14th July, 2020.

Classes Commence 13th July, 2020.
